SEWING MACHINES.

LANGLEY & NORMAN would inform the citizens of Newport and vicinity, that they have been appointed agents for GROVER & BAKER'S CELEBRATED SEWING MACHINES, and that they are now prepared to furnish Manufacturing or the Improved Family Machines, at Manufacturers prices.

We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. These machines are sold for $50, though capable of doing any work that can be done with any of the $100 Sewing Machines. ap4tf

A NEW MUSIC BOOK,

OR THE

New York Musical Review,

FOR NOTHING!

We have in press, and shall publish in October, "ASAPH, OR THE CHOIR BOOK ;" a new collection of Church Music for Singing Schools and Choirs, by Dr. LOWELL MASON. Dr. MASON'S last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace nearly all new matter, such as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.

We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.

In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. MASON'S new work, we are induced to make the following liberal offer, viz.. To every one sending us, before 1st November, one dollar, (the price of subscription to the REVIEW,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. MASON'S new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

PROCLAMATION

TO the good People of Newport and Vicinity,—

In view of your past generous patronage, I have now at my store, 130 Thames St., a large and well assorted stock of Books and Gifts, suitable for the Holidays. And whereas, it would be utterly impossible for me to enumerate the titles of books suitable for all ages and conditions, to name thousands of elegant and appropriate presents; and whereas, the columns of this paper are inadequate to state a thousandth part of what might be said, I, A. J. WARD, Agent, do issue this my Proclamation, and do agree to sell good and cheap to the citizens and strangers of Newport and vicinity, until this Proclamation be annulled, and you are all invited to my Headquarters, No. 130 Thames St., to test the truthfulness of this my Proclamation.

(Established 1827.)

IT SEEMS UNNECESSARY, after being in the battle-field for 34 years, to come out with a long advertisement, but as we have many new comers, it is right that they should be pointed to the right place to buy good articles, and at a moderate price.

I have a long experience, and every facility, and all improvements in machinery, that enables me to sell at a small profit; and will sell—quality considered—as low as any establishment in this city. I will sell Custard Cream at 30 cents per quart, according to quality, up to 62 cents for pure. Plain to very rich Cake, from 17 to 33 cents per pound. Candies from 16 to 25 cents per pound. All kinds of Gum Drops, when sold by the pound, 25 cents.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY.

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

76 State Street, opposite Kilby Street, BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but though its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere.—The Testimonials below given prove that none is MORE SUCESSFUL AT THE PATENT OFFICE than the subscriber: and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,

Commissioner of Patents

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMOND BURKE,

Late Commissioner of Patents

Mr R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

The Baltimore Plot against President Lincoln's Life.—A correspondent of the New York Evening Post, who dates from Baltimore, March 27, tells the following story:

"For a long time it was believed that an Italian barber of this city, was the Orsini who undertook to slay President Lincoln on his journey to the capital in February, 1861, and it is possible he was one of the plotters; but it has come out on a recent trial of a man named Byrne, in Richmond that he was the captain of the band that was to take the life of Mr. Lincoln. This Byrne used to be a notorious gambler of Baltimore, and emigrated to Richmond shortly after the 19th of April, of bloody memory. He was recently arrested in Jeff. Davis' capital on a charge of keeping a gambling house and of disloyalty to the traitor's pretended government. Wigfall testified to Byrne's loyalty to the rebel cause, and gave in evidence that Byrne was the captain of the gang who were to kill Mr. Lincoln, and upon this evidence, it appears, he was let go. Of course, to be guilty of such an intended crime is a mantle, large enough to cover up all other sins against society and the divine law."

The Defence of the Beard.—There are more solid inducements for wearing the beard than the mere improvement of a man's personal appearance, and the cultivation of such an aid to the every day diplomacy of life. Nature, combining, as she never fails to do, the useful with the ornamental, provides us with a far better respirator than science could ever make, and one that is never so hideous to wear as that black seal upon the face, that looks like a passport to the realms of suffering and death. The hair of the moustache only absorbs the moisture and miasma of fogs, but it strains the air from dust, and the soot of our great smoky cities.

It also acts in the most scientific manner, by taking heat from the warm breath as it leaves the chest, and supplying it to the cold air taken in. It is not only a respirator, but, with the beard entire, we are provided with comforter as well; and these are never left at home, like the umbrellas and other such appliances, whenever they are wanted. We have heard Moffat and Livingstone, the African explorers, and many other travellers, say that at night no wrap could equal the beard. The remarkable thing is, too, that the beard, like the ice-house; but more than this, it becomes moist with the perspiration, and then by evaporation cools the skin.

A man who accepts this protection of nature's may face the rudest storm and the hardest winter. He may go from the hottest room into the coldest air without any dread, and we verily believe he might sleep in a morass with impunity; at least his chance of escaping the terrible fever would be better than his beardless companion's.—That our soldiers and sailors, who have to endure every climate in the world should be made to travel about with razors in their knapsacks, is an absurd and useless an encumberance as making them carry a complete set of shoe-brushes.

The men would look better and feel better if they were allowed to wear the beard neatly trimmed; and there is no doubt that the invaliding which is now so serious a burden to the country would be much reduced—to say nothing of the comfort of the soldier and sailor; and these deserve some consideration against the arguments of General Pipeclay and Admiral Tartar. Ten years' experience may have made us ourselves a little enthusiastic in favor of *pogonotropy*; but if a total immunity from toothache, relaxed uvula, coughs, colds, and all the host of rheums be any inducement, then we can cordially recommend the beard in all its glory.—*Temple Bar.*

The Way we Treat the Rebels.

Very properly, some time ago, the Ohio Legislature thought it best to take in cognizance the treatment of rebel prisoners at Camp Chase. Rumors, neither remote nor vague, smacking of rose water, if not positive lionization, towards the official portion of these culprits, had long enough scandalized loyal ears. A joint resolution was adopted calling for information on the subject. To this the Governor transmitted a special message, which, however, failed to be fully satisfactory, and a Senate committee was dispatched to the camp to make inquiries for themselves. They have reported.

This committee found 1200 rebel prisoners, mostly from Tennessee, Kentucky, Missouri and Mississippi, confined. Their quarters were as good, if not better, than those of our own soldiers, and their rations also of the same quality and quantity. There were no complaints of these things made by the prisoners.

The committee further found seventy-four negroes in the prisons, mostly taken at Fort Donelson. About fifty of these were slaves—owned by the officers in confinement; the balance were free negroes hired as cooks and servants. None of these were taken in arms, but were brought along, at the expense of the Federal government, simply to do menial services for the gentlemen cut-throats, their masters! And now, at this time, the relation of master and slave is as rigidly maintained in Camp Chase as it ever was in Tennessee. No wonder the committee ask in astonishment why these slaves were taken at all, since they were not found in arms and at Fort Donelson was wholly involuntary? They have done no wrong, and why are they punished by imprisonment? the committee further ask.

The committee then refer to the rebel officers who strolled about the streets of Columbus, after release on parole, openly perorating their pernicious sentiments with the most unbounded impunity, and receiving the pettings and condolence of sympathizers who are cheating the halter of its just dues. The committee could not gather much definite information under this head of their inquiry, other than that, with few exceptions, these paroles were granted by order of Major General Halleck. That the clemency so shown was mistaken, the committee think the following facts in regard to the conduct of the paroled in Columbus will show:

They came wearing their side arms, stopped at the principal hotels, registering their names as Colonel, Captain Major, with the significant letters "C. S. A." added, appearing from day to day in rebel uniforms, (some gaudy, all of them noticeable,) in the offices and parlors and at the public tables of these hotels, and in the streets and drives of this city, frequenting the theatre and other places of public amusement, and visiting the Senate and House Chambers, where, with marked consideration, they have been invited to privileged seats within the bar; at all these places, and on all occasions, giving expression to sentiments of continued adherence to the rebel cause, and of bitter hostility to the government and people of the United States.

While prominent officers are thus enjoying the freedom of the city, and the luxuries of hotel life, hundreds of poor, ignorant privates—some of them impressed, and all of them deceived into the rebel service—penitent for the wrongs they have done; ready, willing and anxious to take the oath of allegiance, are kept confined in the prisons of Camp Chase. This is a matter of complaint among the prisoners themselves. They argued to the committee—and with much force, it must be admitted—that of the two, they were less guilty and the less dangerous, and if the sympathy of the people and the clemency of the Executive should be exerted at all, it ought to be in their behalf.

The committee is satisfied that many of the private and officers of lower grade could be safely, and with advantage to the cause, released. But they are equally satisfied that too much clemency has already been shown to the higher officers, both in and out of prison. They and their like are the men who have instigated this most wicked rebellion, and inaugurated this inhuman war, and who are responsible before God for all the misery, suffering and bloodshed which has followed.

The committee think the State authorities have done all they can in this matter, and so report, with preamble and resolutions, protesting to the Federal government, against the mistaken clemency extended to rebel officers, and the outrage perpetrated against Ohio and her laws by permitting rebels in confinement to retain their slaves, and use them in prison as servants.—The report and resolutions were laid on the table to be printed.

LOCAL NEWS ITEMS.

MEDICAL CLAIRVOYANCE.—As yet but a small portion of the public are aware of the extent to which this new method of healing diseases is practiced in the United States. As a general rule no medicine is given, whilst the most remarkable cures are made, simply by imparting magnetism or electricity through the hands of the operator. The case narrated in the following note is one among others equally striking, that have been treated in this way successfully by Mrs. Hayden, a Medical Clairvoyant residing at present in Newport. Many living in Newport are familiar with the circumstances attending this case, which was of a complicated character, accompanied with what appeared to be a congestion of the chest, and such a difficulty of swallowing, and of retaining the food on stomach after being swallowed, that it was difficult for the suffering patient to take enough to sustain life. Mr. and Mrs. Luther Bateman, to whose house the child was first brought by its parents, are well acquainted with the case and its treatment, and would no doubt be willing to give any information respecting it that may be desired. The writer of this saw the little girl a short time after its arrival in Newport, and its every limb and muscle seemed in constant, and uncontrollable motion. I remember hearing Mrs. Bateman say at the time, that she thought if Mrs. Hayden could restore such a patient to health, that there could be no malady that she might not cure. And yet it seems this apparantly hopeless case has been completely restored and that too without any other medicine than the ostetising fluids passed mysteriously into the system from the hands of the operator. T. R. H.

"This certifies that in 1861, our little daughter was violently attacked by a disease called by the physicians St. Vitus' dance. For twenty-one weeks we were obliged to feed it with a spoon. For or speak. Her head, face and hands were very sore, and her throat and stomach much swollen. Her situation was so dreadful that no one could believe it, unless they saw her. We successively tried the skill of several of our best physicians, but their efforts availed nothing, and we had given up all hopes of saving her when we were advised by Mrs. Luther Bateman to place our child under Mrs. Hayden's treatment, Mrs. Bateman most kindly offering at the same time to receive it as an inmate at her husband's house in Newport. We gladly accepted the offer, and in twelve weeks from that time, our little daughter under the treatment of Mrs. Hayden was entirely cured; for which blessing we feel that words are insufficient to express our gratitude to Mrs. Hayden, and the power that controls her hands, for we consider the cure to be nothing less than a real miracle.

They then marched up Touro St., through South Touro to the Park, then down Pelham St. to Thames, where they struck into a "double quick," which they kept up until they reached Mary St., on their way back to the armory.

In the War.—If the Fortress Monroe correspondent of the New York Herald is to be believed, the room of the foriegn vessels of war now in Hampton roads would be better than their company.—This correspondent says:

"The British war steamer Rinaldo, which for several weeks past has been anchored outside our fleet off the mouth of the Chesapeake, got up steam this morning, and proceeded to a new anchorage ground, midway between the fortress and Newport News. This strange proceeding—for strange it is—deserves an explanation. The point where this steamer is now anchored is directly in the way of our fleet in case the rebel steamer Merrimack essays to come out from Norfolk. Again, the anchorage ground marks the turn in the ship channel diverging to Newport News and to this point—an excellent guide for the Merrimack in case she makes a night attack. To an inquiry made of one of the officers of the Rinaldo, after the change of that vessel's anchorage, he replied that "it was done in order to have a good view of the next battle between the Merrimack and the Monitor.'

"The commander of the French steamer Catinet, which arrived here last week, is also guilty of a palpable breach of naval etiquette. On his arrival he first anchored outside of our fleet, and subsequently steamed to a point about a half a mile south of the government wharf and cast anchor, so as to put his vessel a short distance from and outside the Monitor, thus obscuring the view from the latter of Elizabeth river, Sewall's Point and other points necessary for the latter vessel to watch against rebel encroachments. One week has elapsed since this occurred, and yet the commander of the French steamer has not seen proper to move his vessel out of the way of the Monitor, so that the latter can have an unobstructed view of any movements of the rebels."

Report of the Lecture of Rev. Mr. Maguire, on the subject "Why Catholics do not take the Bible as others do."

This lecture at St. Mary's Church on Wednesday evening was attended by a large and attentive audience.

Mr. Maguire commenced by giving a brief account of the creation of man, his original innocence and subsequent fall through disobedience to the law of his Maker. He then spoke of the curse that was pronounced on the human race, and the promise that was made to our first parents that "the seed of the woman should bruise the serpent's head."

The promise of a Saviour was often renewed to the patriarchs and prophets from the time of the transgression down to the advent of the Redeemer.

When the time came, God sent his son into the world to take upon himself the nature of man. He fulfilled his mission by establishing a church on earth according to his Father's will.

That the divine Redeemer lived, and taught the doctrine that he would save men, no one denies. He has left a doctrine to be believed and it was necessary that there should be a means provided for its preservation. So far all professing christians agree. *Catholics* believe that the Bible does not reveal all truth, while the *Protestants* believe that the Bible is all that is necessary. Catholics believe in the word of God being taught through those to whom divine authority has been given, while Protestants believe that each individual is his own interpreter of the Bible.

The first question to be considered, then is whether the Bible interpreted by each individual, is the means of obtaining the word of God. Christ gave his doctrines by word of mouth, and he never told us that they were to be written in a book.—Christs commission to his disciples was, "go ye into all the world and preach the gospel to every creature, and he that believeth and is baptised shall be saved, and he that believeth not shall be condemned (or as the Protestant Bible reads, be damned)." To fulfill their mission each of the Apostles should have preached the whole word of God to the world. Only six of the Apostles wrote anything, and no one pretends to give any code of doctrines.—How is it that six of the twelve have failed to do their duty. The obvious design of the gospels is to show that in Christ all the prophecies concerning the Messiah have been fulfiled. John said that if all the teachings of Jesus were written, the world could not contain the books. Had Luther told each individual to read the Bible in his day he would have been laughed at.—The Protestants think they find proof of their theory in the words of Christ where the says, "Search the scriptures." But The New Testament was not then written. Nor was these words addressed to the Apostles. The Old Testament was the only scriptures then in existence, and the language was addressed to the Scribes and Pharasees. It was to prove that he was the Christ. In the 17th of Acts we read that they at Berea searched the scriptures to see if things were so. But there is no intimation that they were in search of doctrines.

It was over three hundred years before the New Testament writings were collected in one volume. If it be true, that the scripture are the only guide, then those who lived in those days, must certainly be lost. For "he that beliveth not shall be condemned," Mark xvi, 16; how could they believe when there was no bible to read. Before the art of printing was invented, not one in ten thousand could have the bible. Printing was not invented till the 14th century. Surely Christ could not have bled for such results as this.

But where do we get the bible? *It was through the Catholic Church*, and no one can deny it. The Protestants had a bible, but there were a great many errors in it. King James undertook to have the errors corrected, but here they made things very little better, for if there are errors, then it is not the bible, for the bible is the Word of God. For a man to be able to judge for himself, he must be able to read the original Hebrew, Greek, &c. Luther said it would take a hundred years at least to get a glimpse into scripture. Here the inventor of the system, rung its death knell, but a few hours before his own was rung in Eisleibin.

If protestants would admit the authority of the Catholic Church, they could have the bible as well as the Catholic. It is not upon the learning of men that we depend, but upon the teaching of God.—Christ established a body of teachers to teach his doctrines throughout all ages.—If this living authority did not exist, society could not live a day. In civil law magistrates are necessary to decide what the law books teach. If in civil law each individual was allowed to decide for himself on the meaning of the law, two men might have a dispute and each might so construe the law as to make his own side right.—According to Mitchel there are at least twenty-eight different sects among Protestants. If it were in the church, as in civil law there would not be so many sects.

Christ taught the apostles, to go and preach the gospel to every *creature*. It was not confined to their days, but for every creature and for all time. He did not tell them to write a book and let every man judge for himself. He promised the Holy Ghost to teach the apostles and their successors, all things that were necessary. There was no fear that anything would be lost. Paul says that "faith comes by hearing," not by reading a book. Hence God has given men to explain the bible ever since the days of the apostles to the present time.

The speaker introduced quite an array of statistics, giving the dates when various councils had met for the purpose of deciding what was, and what was not the word of God. He then spoke of the popular objection that the great mass of the Catholics were kept in ignorance, but as the time would not admit of his discussing this point, he closed promising to do so on next Wednesday evening.

After the lecture, the services closed with the Benediction of the Holy Sacrament.

WAR NEWS.

THE WAR IN THE WEST.

(Correspondence of the Daily News.)

ST. LOUIS, March 30, 1862.

DEAR HAMMOND,

I have paid a tribute to the genuine loyalty of the Germans of the West, in my previous letter, and must now anew present their claims to our everlasting gratitude. Since my last, the most sanguinary, and bravely contested battle of the war has been fought, and the old glories of Carthage and Springfield almost dimmed by the surpassing lustre of the achievement of "Pea Ridge."

General Halleck it is presumed ordered an advance by Curtis' Army of ten or twelve thousand men, fully aware that they must be greatly outnumbered; at least everybody else knew it. Why he placed so fine an army in so great peril may never be known, but the greatness of their danger, adds to the glory of their victory. Every loyal man met three opposing disloyal men, and for three days the battle raged undecided. It was no sudden panic, and no sudden charge that decided the victory. It was no fortuitous accident, which gained, or fatal mischance which lost, but enduring valor meeting chivalric desperation, the enduring rock and the chivalric wave.

History bears record of but very few battles, where ten thousand men, have driven thirty thousand off a field, every foot of which had been contested for three days! And bravest, where all were brave, was Sigel, leading his German Brigade; always foremost in the fight, and yet unharmed, modest, earnest, loving Liberty, hating Slavery, true-hearted, brave, and noble. Thy name, FRANZ SIGEL, shall herafter rank among the best beloved in the American heart. Every man here was a hero and Carr, and Davis were especially distinguished. A most remarkable accident occurred to a young Lieutenant, whose name has for the moment escaped me. He was in the "black jack" with his men, when a ball cutting an oak sapling off struck him full in the right eye. The eye was destroyed, but the ball being spent did no further damage, nor did the gallant fellow leave the field. A small reinforcement has been sent forward, but scarcely making good the numbers killed and wounded, while the Kansas troops were Texas rangers there. The Hunter-Lane expedition is entirely abandoned, in consequence of Gen. Hunter's impracticability. He is to supercede our Gen. Thos. W. Sherman, in the South East, while Sherman is to join the Tennessee army where he is greatly needed.

The delay in the operation of our forces at Island No. 10, creates great surprise, but experience has shown that our gunboats are almost worthless for fighting *down stream*. A boat cannot be held in place except by having her head kept against the current of the river, as was the case at Henry and Donelson. In this case if they were bomb-proof on deck, and the stern battery was protected like the bow, they could still keep their heads to the steam and use their stern batteries, they are, however, only built to fight bow on. Again if the machinery of one becomes disabled she must drift into the enemies fire, and be taken. So rapidly has the science of Naval-invulnerability progressed, that these boats which a year ago were the most powerful afloat, would now *all* be sunk in a days fight with the "Virginia" or "Monitor". Flag-officer Foote is a "Connecticut Yankee," as brave, as good, and as prudent a man, as ever walked a deck, and he has no idea of losing his boats. Delay is to be deprecated, because, the rebels are extending their fortifications, and though General Pope at Point Pleasant blockades the river completely, yet he has no transportation to enable him to cross below the rebel batteries. Some very firmly compressed hay has been sent to Com. Foote to make his decks bomb-proof, and it is surmized that he will try to run his boats below, some night. You will very likely learn the result by telegraph, before this reaches you. We have now about 2500 Union, and 500 rebels sick in our hospitals here, who are all cared for alike. The dead are buried at the Wesleyan Cemetery, a charming woodland, near the city, and are so arranged, and marked that any one can be found after a lapse of years. These brave fellows, who have given all they had, for the honor of the flag, and are dead that its brilliant folds may float over an unbroken Union, lay in death, as they marched in life, shoulder to shoulder, in unbroken ranks. May they rest well from the weary march of life, and from the clangor and agony of War find refuge in that Peace that passeth all understanding. R. R. H.

THE rebel prisoners taken at Winchester are loaded with attentions and comforts at Baltimore, and are having a good time of it. They state that the rebel soldiers fare much better in their camps than the civilians do in their houses, the government having seized upon nearly all the salt, coffee and sugar, for the especial use of the army.

THE ladies of Norfolk are raising a "gunboat fund," which on the second day was $4000. It was rumored that Jeff. Davis would soon visit Norfold. It is announced that "the ministers of the Episcopal Church in Norfolk are excused from military drill during the season of Lent, as the frequent church services engross so large a portion of their time."

THE McMinnville (Tenn.) People's Paper places at the head of its columns the following motto, which it credits to ex-President Polk: "No treason to mankind since the organization of society, would be equal in atrocity to that of him who would lift his hand to destroy the Union."

GEN. BURNSIDE'S MARCH—Sixth edition. For sale at the City Music Store. T. W. WOOD.

GREAT INDIAN REMEDY For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, from any cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold without a *single failure*, when taken as directed, and without the least injury to health in any case. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed*, to all parts of the country.

Prices—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or at his office*, rear of No. 28 Union Street, Providence, R. I.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhea.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cleansing and healing in its operation, and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Sirop Anti-Syphilitique,

For Secondary, Tertiary and Hereditary Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured; and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $400 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10, half size, $5.

Dr. Mattison's Nerve Invigorator,

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from sensual excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, [illegible] which last a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded*.

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

☞ Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-ly

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster*, which we send in an envelope on receipt of Price (15 cents) and one stamp—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four, with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash*, and *Tooth Ache Drops*, a box of *Tooth Powder*, the *Neuralgia Plaster*, and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth*, (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar*, or six packages for $5, sent by express as directed. As the express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Buildings, New York, and write name and address plainly. That remittances may be made with confidence. W. B. H. & Co. refer to the Mayor of Brooklyn, to G. W. HEALTH AND STRENGTH SECURED

BY THE USE OF THE

Great Spring and Summer Medicine.

DR. LANGLEY'S

Root and Herb Bitters.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c., all of which are so compounded as to act in concert, and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body: restoring the invalid to health and usefulness. They cure and eradicate from the system, Liver Complaint, that main wheel of so many diseases; Jaundice in its worst forms, all Billious Diseases and foul stomach, Dyspepsia, Costiveness, all kinds of Humors, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pains in the Side and Bowels, Flatulency, Loss of Appetite, and a torpid or diseased Liver, a disordered Stomach, or bad blood, to which all are more or less subject in Spring and Summer.

More than 2,000,000 persons have been cured by this medicine. It is highly recommended by Physicians everywhere. Try it, and you will never regret it.

Sold by all Dealers in Medicine everywhere at only 25 and 38 cents per bottle. Orders addressed to GEO. C. GOODWIN & Co., Boston.

WHOLESOME BREAD,

Sweeter, Lighter, and More Nutritious than any other, is made by using

SAMUEL KIDDER, & CO'S IMPERIAL YEAST POWDER,

A new article, which is pure, reliable and economical.

I have analyzed Samuel Kidder & Co's "Imperial Yeast Powder," manufactured by Messrs. Daniel F. White & Co., and found the base of vegetable origin to be so adjusted as to form a new and superior article for raising dough. It produces, with even ordinary flour, white, spongy and perfectly wholesome bread, and retains its power of action under exposure. Being free from mineral acids, and dangerous metalic salts, it should be preferred to compounds, frequently sold as yeast powders.

MORTGAGEE'S SALE.

WHEREAS THOMAS MILLINGTON, late of the City and County of Newport, deceased, in and by a certain mortgage, bearing date of May 3d, 1851, did convey to Nathan Hammett, of the City and County of Newport, a certain lot of land with the dwelling house and other buildings thereon standing, situate in said Newport and bounded as follows:—

Northerly on a Street or Highway, next north of the South Baptist Church—one hundred feet. Easterly on land of Clarke Burdick—forty-eight feet. Southerly on land of John Alger—one hundred feet; and Westerly on land of said Nathan Hammett—forty-eight feet, be the same more or less, or however otherwise the same may be bounded and described.

Which said mortgage was conditioned for the payment of a certain note for the sum of nine hundred and fifty-eight dollars and two cents ($958,02) in two years from the date thereof, with interest thereon, and which said mortgage also contained a power of Attorney to the said Grantee, to sell and dispose of said premises by Public Auction, in case said note and interest were not paid at maturity.

And whereas the said Thomas Millington during his life time never paid said note, or since his decease has any person paid the same,

Now, therefore, by virtue of the provisions contained and expressed in said power of Attorney, the above described premises will be sold at Public Auction on the premises, on the 15th day of May, 1862, at 10 o'clock A. M., to satisfy and pay said note and interest, and all expenses contingent on the sale. For more description of said power of Attorney and the rights therein granted, reference is to be had to said deed.

PROF. L. MILLER'S

HAIR INVIGORATOR

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls —hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.

It is

PROF. O. J. WOOD'S
RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR!

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most *powerful* tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES,

THERE IS *NOTHING* ITS EQUAL.

Also, *Liver Derangements or Torpidity*, and *Liver Complaints, Diseases of the Kidneys*, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences *following* upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!

THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resist the assault of disease. While also while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases to which woman is subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Pysche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digeston, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Biliousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure* remedy for the diseases enumerated.—*New York Dispatch.*

ECONOMY IS WEALTH!

CURE YOUR COUGH FOR ONE DIME!

The BEST and CHEAPEST Household REMEDY in the World.

Madame ZADOC PORTER'S

Great Cough Remedy.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOCC PORTER'S Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT. -- MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!—Do not be persuaded to purchase at 4s. to $1 which do not contain the virtues of a Dime Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other.—Ask for Madame Porter's Curative Balsam, price 10 cts., and in large bottles at 20 cts and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 10 cts. and in larger bottles at 20 cts.
